PRESENTED BY: CO-HOST ORGANIZATION, CO-HOST ORGANIZATION, CO-HOST ORGANIZATION, AND WORKING FILMS.

At a moment when the rights of immigrants are being attacked, a fuller story needs to be told to address the harms perpetuated by immigration enforcement practices and policies that extend beyond the crisis at the border.

Whether it's through raids, people being picked up at courthouses, or being forced to live in churches - families are being separated and attacked across America. Join us for this free screening & discussion to learn more and find out what you can do to stand up against these attacks!
